### Patient Education

## PS (K) Cream 8-Lipoderm ActiveMax®

### What are the key ingredients in this cream?

Ketamine/Diclofenac/Gabapentin/Baclofen. This medication is a combination of multiple ingredients specially prescribed by your physician to treat your condition.

### When is it not safe to use this drug?

- If you have an allergy to the ingredients or any other part of this drug.
- Tell your doctor if you are allergic to any drugs. Make sure to tell about the allergy and what signs you had. This includes telling about rash; hives; itching; shortness of breath; wheezing; cough; swelling of face, lips, tongue, or throat; or any other signs.
- Do not use on skin that has any problems.
- If you are pregnant.

### How does this drug work?

- Ketamine is a substance used to block pain at receptors.
- Diclofenac is a non-steroidal agent used to decrease pain and inflammation.
- Gabapentin calms the brain. It is used to stop or control twitching and to treat painful nerve diseases
- Baclofen works in the brain to ease pain, spasms, and hiccups

### How is this drug best taken?

- Do not take this drug by mouth. Use on your skin only. Keep out of your mouth, nose, and eyes.
- Wash your hands before and after use.
- Do not wash your hands after use if putting on the hand.
- Clean affected part before use. Make sure to dry well.

### What do I do if I miss a dose?

- Put on a missed dose as soon as you think about it.
- If it is close to the time for your next dose, skip the missed dose and go back to your normal time.
- Do not put on 2 doses or extra doses.

### Are there any precautions when using this drug?

- Keep a list of all your drugs (prescription, natural products, vitamins, OTC) with you. Give this list to your doctor.
- Check all drugs you are taking with your doctor. This drug may not mix well with some other drugs.
- Do not use coverings (bandages, dressings, make-up) unless told to do so by your doctor.
- You may get sunburned more easily. Avoid sun, sunlamps, and tanning beds. Use sunscreen and wear clothing and eyewear that protects you from the sun.
- Tell your doctor if you are pregnant or plan on getting pregnant.
